Revised ADV-01/2026 Form

Applicants intending to edit their application form are hereby informed that by proceeding with the editing process, they shall be deemed to have read, understood, and agreed to comply with the following instructions and conditions:

1. **Completion of Editing Process -** The applicant shall ensure that the entire editing process is completed in all respects, including filling in all sections of the online application form and uploading the duly signed copy of the final application form. In case the applicant fails to upload the signed application form after making edits, the edited information shall not be considered valid for further processing. In such a situation, the last successfully submitted application form (if any) shall be treated as the final application for all purposes of further processing.
2. **Uniformity of Personal Information Across Advertisements -** If the applicant updates or modifies any personal information such as Name, Father's Name, Mother's Name, Date of Birth, or Gender, which is required to remain identical across all advertisements, the applicant shall ensure that the same information is updated in all other advertisements in which he/she has applied, including but not limited to Advertisement No. 02/2026, 03/2026, and 04/2026. Failure to ensure such uniformity may lead to cancellation of candidature in the concerned advertisement(s) due to mismatch or discrepancy in the submitted information.
3. **Base Information for Subsequent Advertisements -** The information updated by the applicant during the present editing process shall be treated as the base record and may be used as the reference information for all subsequent advertisements issued by the Commission/Authority.
4. **One-Time Editing Facility -** The facility to edit the application form shall be available only once. After completion of the editing process and final submission of the application form, the application shall be permanently frozen, and no further modification, correction, or editing shall be permitted under any circumstances. Applicants are therefore strongly advised to carefully review and verify all information before final submission.
5. **Change in Reservation Category and CET Qualification -** In cases where an applicant has qualified the CET examination by availing the benefit of a reserved category (including but not limited to EWS, BCA, BCB, OSC, DSC, ESM, PwD, etc.) with lower qualifying marks than those required for the General category, and later changes their category to General, the CET qualification shall be considered invalid for the concerned advertisement. As a result, the applicant will not be allowed to proceed with the application process.
6. **Prohibition on Multiple Applications -** As per the terms and conditions of the advertisement, submission of multiple applications for the same advertisement is strictly prohibited. If the system detects that multiple applications with similar or identical details have been submitted for the same advertisement, the applicant may be shown a warning notification requiring confirmation that no duplicate applications have been submitted. However, if at any stage it is found that the applicant has submitted multiple applications for the same advertisement, the candidature associated with all such CET Registration Numbers shall be liable to be cancelled, without any further notice.
